INTERESTS

I recently completed my PADI Dive Master qualification, I also enjoy cycling and yoga. I've travelled extensively, visiting Nepal, Tibet, Morocco, Egypt, Australia, USA and many parts of Europe.

PROFESSIONAL EXPERIENCE

July 2006 - Dec 2007 **Part I Architectural Assistant**
Bere Architects, London

Silver Sturgeon **Thames River Cruiser**
£1.2 million refurbishment project. Build period: 12 weeks

Work included the development of all design work from Stage C to completion including furniture design and production of shop drawings. Production of all specification documentation.

Acted as first point of contact for the project- including attending all site visits, planning meetings with Marine Surveyors, client and contractor meetings, mainly without supervision. I was also required to co-ordinate daily with the project manager and produce all legal documentation due to the non-standard nature of the contract between client and contractor.

Lighting design and development in conjunction with Sally Storey (Lighting Design International)

Focus House **Private Residence**
Winner RIBA London Region 2007

£470,000

Passivhaus building designed and constructed in conjunction with KLH GmbH.

My work involved the design of furniture for the ground floor, site visits to discuss snagging issues and administrative jobs regarding the completion of the project.

Silver Sturgeon

Focus House

The Muse **Private Residence**

Energy efficient solar house.
Stage E/F Drawing amendments. Assisting in the development & drafting of heating & cooling strategies with M&E consultants

London Bridge Staircase **Public Staircase & Walkway**

Model making and drawing amendments for Stage C discussions with planners and the client (City of London)

Monument Pavillion **Public convenience & staff facilities**

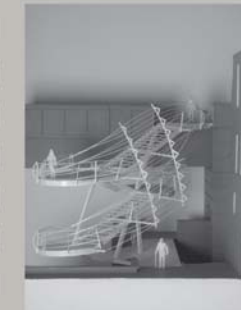

A key element on the City of London's Streetscene Challenge. My responsibilities were to assist with site visits and detail the gabion wall caging. I also

June - September 2005 **Architectural Assistant**
VSN, Kathmandu, Nepal

Assisting Australian Architect, Jeni Burnell with the design of a vernacular style orphanage in Nepal. Main tasks involved site survey & production of AutoCad drawings based on the survey. I also produced some initial massing models for design team meetings.

May - July 2000 **Work Experience**
Luscombe Maye Hands Hughes. Totnes, Devon

Some surveying work done in supervision of Roger Hands.
